_____ Term: _____
_____ Term: _____
- _____ Culminating experience (EARS 87, 88, or 89)
_____ Term: _____

* Students (e.g. fall term athletes) unable to participate in the Stretch may substitute, with permission of the Chair or undergraduate advisor, an appropriate alternative program such as a summer field camp offered by another university. Because transferring credit can be complicated, students considering an alternative to the Stretch are strongly urged to discuss their options with the Earth Sciences undergraduate advisor.
